

BRAGG ARRAIGNS SILVER DEMOCRATS

CAUSTIC LETTER FROM THE FIERY LITTLE WARRIOR.

Charges the Bryanites With Betraying the Party Of Jefferson—A Vote For Sawyer Is An Approval Of The Treacherous C Impact—Food For Democrats.

Milwaukee, Wis., Oct. 25.—The letter of General John M. Palmer, addressed to Editor Usher, has been followed by letters from General Edward Bragg, from Samuel C. Pickens, of Indianapolis, chairman of the National democratic committee; from Carl C. Pope, and from Thomas Luchinger, two prominent gold democrats, of West Superior and Monroe, Wis., respectively. The letters have attracted general attention and have caused consternation in the regular silver democratic ranks. It is their hope that the democrats who two years ago repudiated Bryanism would abandon their active opposition and would tacitly, without any outspoken assistance, support the regular party nominees in this campaign. The inactivity which the gold democrats have maintained until recently has caused the Bryanites to believe that the split in the democratic ranks was healed up. But the public utterances of the leaders just mentioned, and the undeniable fact that the former United States Senator Vilas, G. M. Woodward, of La Crosse and other equally high standing men of the party are still opposed to Bryanism, has convinced them that they will have to win without the thousands of votes which two years ago were cast either for Palmer or McKinley by old time democrats.

General Bragg's letter is a strong arraignment of the silverites and contains among others, the following expressions:

"Every democrat who hopes for a united democratic party in the campaign of 1900 must resist all the tender beguilements attempted by the Bryanites who betrayed the party of Jefferson, Jackson, and Cleveland in 1896, to induce gold-standard democrats to forget 1896—not to think what 1900 will bring forth if Bryanism is strengthened in Wisconsin in 1898—and refuse to swallow in 1898 what they rejected in 1896.

"Every democratic vote for Sawyer is an endorsement of Bryan for presidential candidate in 1900. Be not deceived, my dear Ellis—abate not one little in denouncing bastard democracy, put on the platform of the late Milwaukee convention. They say the party is reunited and stands again on common ground, against a common enemy; that the battle must be fought on state issues—all very well—sweet talk—but why do they hang out a 16 to 1 Bryan flag at every recruiting station? Why have they everywhere in the county, senatorial and assembly conventions, refused to recognize a democrat who believed in honest money?"

"One more thorough drubbing may produce a favorable change in the political health of the great leaders of the democratic party of 1898. The political cancer must be cut out root and branch, to assure a restored health and vigor; political treatment will only prolong the evil.

"Keep your guns shooting, my dear boy. The Indianapolis democracy and every other conservative, thinking man and lover of truth will say amen at every round. As ever, your friend."

Equally vigorous are the public statements of the other leaders, and the stand thus taken by the old time democracy is the most prominent feature in the latest developments of the campaign in Wisconsin.

SOLDIER BOYS WERE DINED

Fine Banquet Served for the Members of Co. A, Last Night.

The dinner given last evening to the members of Co. A, by the ladies of the Soldiers' Aid society, proved to be a most satisfactory affair. East side Odd Fellows' hall was well filled, most of the members of the company being present, while there were citizens generally on hand.

The supper was a success. The tables were loaded with all the delicacies of the season, served in the most appetizing style.

When all had regaled themselves an adjournment was taken to the main hall, where a short program was furnished. Postmaster Nowlan presided, and Col. E. O. Kimberly rendered a few patriotic songs. Speeches were delivered by Mayor Thoroughgood, Rev. W. A. Hall, Dr. J. B. Whiting and Rev. Father Goebl, and an appropriate reading, by Mrs. O. H. Brand.

In the course of the evening Corporal Frank Brown, on behalf of the members of the company, presented to Mrs. Charles L. Hanson, wife of the captain, a silver tea service as a token of the appreciation by the boys of her efforts to add to their comfort while they were stationed in the camp at Jacksonville. Upon the tray is inscribed:

"Presented to Mrs. C. L. Hanson by the members of Co. A, First Wisconsin Volunteers for faithful service rendered at Camp Cuba Libre, Jacksonville, Florida."

Postmaster Nowlan made a brief address in which he counseled the members of the company to cherish a spirit of fellowship and fraternity, taking the

members of the Grand Army of the Republic as their patrons. He then called upon C. E. Bowles, E. G. Harlow and Capt. Charles Hanson for remarks. Mr. Bowles excused himself gracefully. Major Harlow responded with an eulogy of Co. A and Capt. Hanson took the occasion to make a few parting remarks to the members of his company. Three cheers for the company were given and the assembly broke up.

MAKE OMINOUS PREPARATIONS

ENGLAND AND FRANCE EYEING EACH OTHER CLOSELY.

All British Steamers Capable of Being Armed Required to Report to the Admiralty—The People Anxious to Punish the Presumptuous Gais Immediatly.

London, Oct. 25.—[Special]—The English people are generally in favor of war with France, unless that country backs down completely in regard to claims in the upper Nile. The French side of the situation is entirely different. France does not want and does not expect war. She is almost indifferent in regard to Fashoda. The general belief in Paris is that the matter will be amicably settled without resort to arms.

London, Oct. 25.—[Special]—The admiralty has sent a circular letter to all steamship companies asking them to submit reports indicating what ships of their respective fleets are capable of being armed.

Col. Loper Finds a Shortage.

San Francisco, Cal., Oct. 25.—A shortage has been discovered in the stores of the quartermaster's department of the Iowa regiment. Col. Loper, commanding the Iowa regiment, admitted that he feared the loss would amount into the hundreds of dollars, though the colonel said it was his conviction that no loss through dishonesty could possibly have occurred and, whatever its extent, he believed that it would be found to have arisen merely through inexperience or carelessness of those who had charge of the issuing of supplies.

Retired from Active Service.

Washington, Oct. 25.—Another of the important changes in the navy which the present year has seen has been caused by the retirement from active service of Rear Admiral Edmund O. Matthews, who, during the recent war, served at the head of the naval examining board. As the number of rear admirals in service at the present time does not permit reappointment, he exceeds the legal limitation the retirement does not produce the usual promotions down the line.

Want Spanish Prisoners Liberated.

Madrid, Oct. 25.—The liberal newspapers are loudly demanding the liberation of the 10,000 Spanish prisoners—soldiers, monks, old men, women and children—held captive in the Philippines, asserting that these prisoners are being maltreated by the rebels under the eyes of the Americans. It is expected that the government will take action at once, if it has not already done so.

Troops to Go South.

Knoxville, Tenn., Oct. 25.—While no official orders have been received regarding the movement of the Second division to points farther south, it is definitely understood that it will begin Oct. 27. The First brigade, consisting of the Fourth Tennessee, Thirty-first Michigan and Sixth Ohio, is slated to move first, going to Atlanta. It is not expected that more than one regiment will get away in a day.

Stabbed While Making an Arrest.

San Francisco, Cal., Oct. 25.—Richard Chetwood of company I, First Tennessee, was stabbed in the back this morning while in a saloon. Chetwood was on the provost guard and was trying to arrest an unknown Tennessee private when the latter stabbed him with a bayonet. Chetwood's condition is critical.

Last of the Spaniards.

Washington, Oct. 25.—The navy department Monday received the following:

"San Juan, Oct. 23.—Secretary of the Navy: Evacuation of Porto Rico completed by sailing of last detachment of Spanish troops today. (Signed) SCHLEY."

FRICKE HAS LED A DOUBLE LIFE

HAS MAINTAINED TWO WIVES AND TWO FAMILIES.

One Household Lived in Milwaukee, the Other in Madison—Scandal in Which the Insurance Commissioner Has Become Involved—Duplicate Wives Claim Him.

The Madison correspondent of the Milwaukee Sentinel chronicles the discovery that there are two women who are known as the wives of Ex-Insurance Commissioner William A. Fricke, who resigned recently to accept the position as superintendent of the New York district for the Central Union Life Insurance company of Ohio, and who is now in New York in that position.

It seems that while Dr. Fricke's wife and son have lived in Milwaukee during the four years that he has served as insurance commissioner, he has also maintained a household in Madison where there still is a woman and her two children who call Dr. Fricke husband and father.

The Madison Household.

The dual life which Dr. Fricke has led has been known among his intimate acquaintances for some time, but it was not until the last few days that the facts were thoroughly explained. On May 1, 1895, shortly after he was installed as insurance commissioner, he rented and furnished a house at 212 Lake street. Soon after an attractive woman, of rather stout physique, and dark complexion, came to Madison. She was about 30 years of age. She brought with her two children, one a

mere babe, Robert, now 5 years old, and the other a little girl, who is now 12 years of age. The woman and the children were introduced to neighbors as Dr. Fricke's family and have been known by his name ever since. During his residence in Madison Dr. Fricke lived with this woman as man and wife. The girl has attended the public schools under the name May Fricke.

The Milwaukee Establishment.

While Dr. Fricke was maintaining the household in Madison, his wife and his son also lived in Milwaukee. During his term of office he had a neatly furnished flat on Twelfth street, near North avenue, in that city, but recently his wife and son moved to 729 Twenty-sixth street. Mrs. Fricke and her son have never given up their home in Milwaukee and have always been in that city. Her name is Jeannette Fricke, and while she is said to deny that she knows anything about the other woman who claims to be his wife, it is said that the knowledge reached her some time ago in this manner. Dr. Fricke some years ago bought his son a pony. Recently on one of his returns from Madison he told the boy that he was getting too big to have a pony and that he had decided to sell the horse. The doctor took the pony and cart away and told his wife and son that he had sold it.

FRENCH CABINET HAS RESIGNED

EXCITING SCENE AT OPENING OF THE CHAMBER.

Great Mob Surrounds the Building Shouting Insulting Cries—Gen. Chanienne and Brisson Have a Lively Passage—The Latter Goes to Tender Resignation.

Paris, Oct. 25.—[Special]—The opening of the chamber of deputies today was the occasion for great public excitement and riots are anticipated. A hundred thousand congregated around the buildings shouting "vive l'armee," "down with the traitors," and more in-laws was displayed in the Dreyfus case than in the Fashoda incident. When Gen. Chanienne mounted the tribune to announce his resignation from the cabinet, a scene of great excitement ensued and Chanienne hastily left. Chanienne repeated the declaration of his predecessor that Dreyfus was guilty. Premier Brisson protested against the manner of Chanienne's resignation. When the chamber adjourned, Brisson went to the Elysee presiding to tender to the president the resignation of the cabinet.

A great crowd gathered immediately after adjournment and began violent demonstrations. The police charged upon the crowd and several persons were injured.

Fierce Fire to Handle.

New York, Oct. 25.—A blaze started on the Brooklyn water front opposite Governor's island Monday which developed into the biggest, fiercest, and most spectacular fire of the year. It consumed over \$500,000 worth of property, much of which was of such inflammable material that no insurance company would take a risk on it. Rosin, turpentine, benzine, kerosene and cotton were the materials that fed the flames and made a great plume of smoke.

National Council of Women.

Omaha, Neb., Oct. 25.—The National Council of Women of the United States began its convention in this city Monday morning in the parlors of the First Congregational church with a business meeting of the officers of the council. Spain Still Protesting.

Madrid, Oct. 25.—Capt. Gen. Blanco has cabled to the government that the Americans insist upon the evacuation of the entire island of Cuba before Jan. 1. The government says that this would be impossible; although all of the available war ships and transatlantic liners should be employed, having only thirty ships, it would require until May to repatriate the Spanish army now in Cuba in a sanitary manner.

HAS SEEN MUCH HARD FIGHTING

LIEUT. RYNNING HAS MADE A GOOD RECORD.

Was Formerly a Resident of Beloit But Has Been in the Army Many Years—Fought Indians in Arizona and New Mexico and Spaniards in Cuba.

Lieut. Harbo Rynning, of the regular army, who has been visiting F. J. Bailey, returned to his old home in Beloit last evening. Lieut. Rynning spent his boyhood in Beloit, but joined the regular army when eighteen years of age. He served five years against the Indians in Arizona and New Mexico, and although he is an inch over six feet high he escaped unperforated. He went into the contracting business in Tucson and lived a peaceful life until the Spanish war broke out. He joined the Rough Riders. At the battle of San Juan he led a troop, the captain being shot and the lieutenant struck. Before the battle ended he was in command of three troops. He was taken with yellow fever after the fight, and got back to New York in bad shape, but as soon as he had recovered he was called to Washington and given a lieutenant's commission in the regular army. His post will be the Philippines, where his brother is now a first grade hospital steward.

Lieut. Rynning was in every fight around Santiago except the battle of El Caney, and is loud in his praise of Colonel Theodore Roosevelt's work.

THINK THE MATTER OVER

Consider the Issues at Hand Before You Cast Your Ballot.

Occasionally one hears talk about scratching this or that candidate on the county or state ticket because for some reason a candidate is not agreeable. Now, if a candidate represents only his own interests and did not stand for some party principle, or some interest directly affecting the entire public, there would be some reason in refusing to vote for him.

But if a candidate represents a principle that is of vital interest to your welfare and mine, it would be folly to vote against him because you do not like him for some reason.

Have you ever known a national, state or county ticket where the nominees were all pleasing to you?

Remember that this year, though a so-called "off year," is in reality one of the most important politically in the history of this country.

It also decomposes water at ordinary temperature, liberating hydrogen.

The election of the republican state and congressional ticket is conceded by thinking democrats, but the republican voters of Milton have a duty to perform on November 8, and that is to cast their votes for the straight ticket from top to bottom. Let nothing, but being bed-ridden prevent you from casting your ballot on that day and having your republican neighbor do the same, thus giving the free silver heresy its final quietus in the Badger state. Every republican in Milton should be a committee of one to see that a full vote is polled for Honest money and McKinleyism. Don't Be Miserable Any Longer

Those who have never had their vitality impaired have no idea of the misery experienced by the person who has lost that brightness of feeling, that elasticity of body and cheerfulness of spirits which result from ill health. Depression, gloom, forebodings, and all the misery that are associated with them make life a burden. Now there is no need of this. The condition described, which is often the result of foolishness or ignorance, can be cured. Miss Lisle Leigh an Attraction in "The Ironmaster" Company.

Miss Lisle Leigh, the leading lady of the Salisbury Stock company, from the Davidson Theater in Milwaukee, will be seen here shortly as Chloé de Beauclieu, in "The Ironmaster" on Wednesday, October 26, at the Myers Grand. This attractive and gifted actress has a wonderful command of her art, although still young, for she made her debut (in the role of a baby-in-arms) at the early age of four, and has been on the stage ever since. When but fifteen years old she had acquired such command of her art as played in leading business days, and since then she has held a number of the very best positions and always held them with that palpable sense of security that comes from genuine artistic merit. She is always gowned to perfection and her brilliant toilettes will interest the fair sex greatly, while her admirable art, her sympathetic manner on the stage, her intensity and her emotional force will win encomiums from all who see her in this noble role. Seats and boxes on sale at the box office. Prices 25, 35, 50 and 75 cents. Box seats \$1.25 and \$1.75.

Healed the Wound

Abcess Was Lanced but Would Not Heal Until Hood's Sarsaparilla Purified His Blood—Now a Healthy Boy.

"Our little boy had a large abcess on one side of his head, back of his ear. It became as large as a pint cup. We had it lanced, but it seemed as though the wound would never heal. It would get better for a short time and then would break out again. The boy's body was covered all over with itching pimples and blotches. We decided to give him Hood's Sarsaparilla, and, to our great joy, it has entirely cured him. He was always a weak and puny child, but since taking Hood's Sarsaparilla he is strong and rugged, and as healthy a boy as anyone could wish to see." T. L. Jones, Bluffton, Minnesota. BREAKS THE ANTI-TRUST LAW

Joint Traffic Association Held to Be Illegal.

SUPREME COURT DECISION.

The Ruling Causes Dismay Among Railway Managers, Although It Was Generally Anticipated—Competition Among the Railroads Will Be Ruinous

Washington, Oct. 25.—The supreme court of the United States Monday decided that under the anti-trust law the Joint Traffic Association is an illegal organization and must be dissolved. The decision practically wipes out of existence every railway organization designed to make or maintain equal rates, and that is the chief object of all freight and passenger associations, disguise it as they may try to. The supreme court holds that in substance there is no competition between the railroads when they make the same rates, and that associations designed to insure the maintenance of equal rate are combinations in restraint of trade and commerce. If forced to compete with each other by cutting rates their net earnings will be reduced to an inestimable extent, and therefore the decision of the supreme court in this case is of interest to every railway stockholder, official and employee, and the interests of individuals directly and indirectly dependent upon them.

The decision in the joint traffic case created regret, rather than surprise, in the railway world, for an adverse decision has been anticipated ever since the Transmississippi Freight Association was declared illegal. The ablest lawyers in the country tried to so frame the article of agreement of the railroads in the Joint Traffic association as to avoid or evade the anti-trust law. All the other freight and passenger associations are organized on the general plan of the Joint Traffic association, and, therefore, it is believed by railway men generally that they are also in violation of the anti-trust law.

The supreme court was not unanimously of the opinion that the Joint Traffic association is illegal. Chief Justice Fuller and Justices Harlan, Brewer, Brown, and Peckham holding that it is, and Justices Gray, Shiras, and White filing a dissenting opinion in favor of the association. Justice McKenna, who, as attorney general of the United States brought the suit and prosecuted it, did not express any opinion as a member of the court.

Justice Peckham delivered the opinion of the court.

NEGROES SAVED FROM MOB.

Five Involved in Harpersville Riot Taken to Meridian.

Forest, Miss., Oct. 25.—The mob which gathered here for the purpose of storming the jail where the five negroes implicated in the murders at Harpersville were confined was outwitted by a posse of prominent citizens he succeeded in getting the five negroes aboard a train, and they are now safe in the Meridian jail. The official list killed in the Harpersville riot is one white man and eleven negroes. This little town has been filled with angry and excited crowds ever since the arrival of the sheriff with the men from Harpersville. The transfer of the prisoners was not accomplished without difficulty. Members of the posse state that they left with them under the assurance that they would never reach Forest with them alive.

Chinese Law Good in Hawaii.

Washington, Oct. 25.—Acting Attorney General John K. Richards has rendered an opinion in relation to the status of the Chinese in the Hawaiian islands, and with particular reference to their entrance into and exit from the islands. It is held the restrictions placed by our exclusion laws upon the admission of Chinese persons of the exempt classes and the regulations made under the provisions of the treaty between the United States and China, providing for the departure and return to this country of registered Chinese laborers, are applicable to Chinese persons applying for admission to the Hawaiian islands, or to such persons residing there and who may wish to depart, with the intention of returning.

A LONG-FELT WANT.

It Is Supplied At Last In Janesville

It is hard to always be pleasant. Good natured people are often irritable. If you knew the reason you would not be surprised. Ever have itching Piles? Not sick enough to go to bed or well enough to be content. Nothing will annoy you so. The constant itching sensation. Hard to bear; harder to get relief. Keeps you awake at night. Spoils your temper; nearly drives you crazy? Is your relief and cure a long felt want? It is to be had for everyone in Doan's Ointment. Doan's Ointment never fails to cure itching piles. Eczema or any itching of the skin. Here is proof in the testimony of a citizen:

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for itching of the skin, but found nothing to give me relief until I struck Doan's Ointment, which I obtained at the Janesville Co's. drug store. I had at all times of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itchingness and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation." Doan's Ointment is sold for 50 cents per box by all dealers. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

WHY WE SHOULD WIN.

The St. Louis Globe-Democrat says that not since 1864 have patriotic republicans had a greater incentive to work for republican success in any election than they have this year. By its great victory in 1896 the republican party checked the repudiation wave, established the gold standard, ended the financial panic which came in with the democratic party in 1893, and has brought to the country a greater business activity and a more widely diffused prosperity than it ever had before except immediately after the resumption of the gold payments in 1879, which the republican party devised and defended, which the democratic party opposed when the resumption bill was in congress, and which it tried to obstruct and repeal afterward. A victory for the democratic party in the congressional elections a few weeks hence, even though the democrats of part of the country have ignored silver, would bring that issue up in 1900, arouse distrust all over the country in the interval, send gold out of the country as in Cleveland's days, and put an immediate check on business expansion.

The nation has arrived at a great landmark in its career. The old isolation policy suitable for the period of its feebleness and insecurity must be discarded, and a step onward to larger activities and greater influence has to be taken if the country is to intelligently meet the requirements of its position and realize its destiny. Providence has placed in our hands today opportunities for national advantage which may not come again in the lifetime of anybody now here, if ever, and unless we meet them promptly our remissness will rise to disturb and humiliate us in after years. The United States has had a chance to gain an immediate and important accession of territory in the Gulf of Mexico and the Pacific Ocean. The country's wisest statesmen from the beginning of the government have realized and expressed the importance which possession of Cuba and Porto Rico would have for the United States. The acquisition of the Philippines, which fortune has now virtually put in our hands, would be of immense advantage to us in the great world strife for the trade of Asia. Only one party has the moral and intellectual sanity to deal with these great issues wisely. The republican party saved the union. It brought by the resumption act, every dollar in the country—silver coin, silver certificates, national bank notes, fractional currency and everything else which has passed as money—up to the gold line, and has kept it there ever since, despite the assaults of the democrats on the national credit. By its victory of 1896 the re-

publican party has made the gold standard a permanent fixture of the nation's financial system, provided that victory be butressed by another republican triumph this year. In all great crises since its foundation the republican party has been put or kept in power. Not in over forty years did the people entrust the democracy with control of the government save in 1892 and the disaster and discredit which that act brought ought to prevent a recurrence of that costly blunder. A republican victory this year will bury the free silver folly forever, will insure the possession of the territory which the country needs and will immediately and immensely increase United States credit and influence all over the world.

The Bryanites are desperately in need of an issue when they have to attack the republican administration for the "mismanagement" that brought about one of the most brilliant military victories that history has ever chronicled. New York democrats are campaigning against Col. Roosevelt on these lines, and although they know they will be beaten, they have no idea how large the majority will be.

The legislature will elect a United States senator this winter. The republican members will vote for an honest money republican senator, while the democratic members will vote for a free silver democrat. It is important, therefore, that the republicans should see to it that only honest money legislators are chosen. President McKinley ought to have an honest money republican senate to help him.

The democrats are buttonholing these days, but a few days hence they will find themselves buttoned up.

FERDINAND QUINN DIES SUDDENLY

STROKE OF APOPLEXY CAUSES
HIS DEMISE.

Died This Morning While His Wife
Was Rubbing His Head—Was Ill
Only One Hour—Was Well Known
and Popular—Funerals Held To-
day.

Ferdinand Quinn died this morning at four o'clock at his South Jackson street home after one hour's illness. The cause of his sudden demise was apoplexy.

At three o'clock this morning Mr. Quinn awoke and complained to his wife that he was not feeling well, and that he was suffering with pains in his head. He requested that she get a bottle of medicine that was near and rub his head. This she did and while trying to ease his pain, Mr. Quinn suddenly expired.

At the time of his death he and his aged wife were alone in this house, but she bore her trouble bravely and soon friends and relatives were in attendance. Dr. Pender was called, and after an examination of the body he pronounced death as resulting from a stroke of apoplexy.

By the death of Mr. Quinn the city of Janesville loses not only one of its oldest citizens but a good man who was popular with all classes, and one who had no enemies. Mr. Quinn was the same at all times, and his good natured disposition and beaming countenance made for him fast friends at all times. He spent the greater portion of his life in this city in the dry goods business, both as proprietor and clerk. For many years he worked for McKey Bros., when they conducted a dry goods store in the South Main street block, where is now located the Janesville Clothing company, and afterwards he engaged in business for himself.

Under Mayor Baines' administration Mr. Quinn held the position of scaler of weights and measures, and with members of all parties he was ever popular. Besides a devoted wife he leaves two sons, Henry, of Whitewater, and Frederick, of Elgin, Ill. Deceased was eighty-two years old and was born in Ireland.

Mrs. L. M. Gilmore

At 2 o'clock this afternoon services over the remains of the late Mrs. L. M. Gilmore were held from the family residence on Glen street. In spite of the storm there were a large number of friends present and the interment was in Oak Hill.

Mrs. Elizabeth Coleman

All that was mortal of the late Mrs. Elizabeth Coleman was laid to rest in the cemetery at Clinton today. Services conducted by Rev. Kempton were held from the Glen street home at 9 o'clock, the trip to Clinton being made overland.

Amaziah Sherman

Amaziah Sherman, who died Monday evening at his St. Mary's avenue home was buried this afternoon in Oak Hill cemetery. Services were held from the residence this afternoon at 2:30 o'clock and sorrowing friends of the deceased filled the house.

Charles Greene

Charles Greene, son of Mrs. John Thoroughgood, passed away at the home of Mayor Thoroughgood on Prospect avenue at 4:45 this afternoon.

James P. Farnsworth

Beloit, Wis., Oct. 25.—[Special]—James P. Farnsworth who resides on Emerson street, died yesterday afternoon at the age of eighty-eight years. He has been in feeble health for a long time so his death was not a surprise. Mr. Farnsworth was among the earlier settlers of this locality and was highly esteemed. He was the father of General Elan J. Farnsworth, who was one of the bravest of the brave in the war of the rebellion, and who was killed in a desperate charge during the battle of Gettysburg. He was also a brother of General John F. Farnsworth, a congressman from Illinois for many years, but when the war broke out organized and led to the front the Eighth Illinois Cavalry regiment and was appointed general by the efficiency of his command. Mr. Farnsworth resided on a farm near the city for many years, but as he began to grow older moved to Beloit where the last decade or more of his life had been spent. J. M. Farnsworth, who keeps a drug store here, is the only surviving son. The funeral will be held at his late residence Wednesday afternoon, the interment will be at Rockton.

TALKED ABOUT THE SISTERS OF CHARITY

FATHER DORNEY'S ADDRESS AT
THE FAIR LAST NIGHT.

He Pays a High Tribute to a Band
of Self-Sacrificing Women—They
Know Neither Color Nor Religion
So Long As Good Is To Be Ac-
complished.

The Sisters' fair last evening was well attended. The address of Rev. Father Dorney, of St. Gabriel's church, Chicago, proved to be all that was promised. The reverend gentleman possesses rare oratorical powers. He devoted his address to a review of the work of the Sisters of Charity. The objects of the order, he said, are the instruction of the poor, visitation of the sick and protection of distressed women of good character. The first house was established in England in 1830; in America in 1843; New Zealand, 1849; Australia, 1872. The speaker said that it was an institution that can do all the great things that humanity wants. It was founded at a time when it was of the greatest possible need. When Catherine McAuley started it she took little girls and taught them to sew and work. Then the cholera broke out in Ireland in 1832. Nurses were nowhere to be found. "The Sisters became nurses and great benefactors of the land. In the city of Limerick a refuge was established and in every place of any size throughout the earth these houses are to be found. The Sisters were ever found in the front rank of battle to stop the life blood and make the last moments of the dying soldier go out in peace. A returned soldier who was at Cuba had recently said to the speaker: "There was but one place where we received good care and that was from the Cuban Sisters in the Cuban hospital." Without regard to color or religion the Sisters do all in their power to relieve the suffering. They are a loving exemplification of all the good things that God asks of us. They have their love of home and family, but they sacrifice it all to do good for others. The speaker thought the patrons should sacrifice a little for the good cause in which the Sisters were engaged.

This evening Dean E. M. McGinnity, of St. Patrick's church, will talk on "Intemperance." Dean McGinnity is capable of giving a good talk on that subject, and he will not disappoint his hearers.

THE WALSH-KELLY NUPTIALS

Pleasant Wedding at the Catholic Church
At Footville.

Last Wednesday at 8:30 o'clock in the morning at the Footville Catholic church was solemnized the wedding of Miss Anastasia Walsh, of Footville, and M. J. Kelly, of Brooklyn, Wis.

Rev. Father Buckley officiating. The bride was attended by Miss Nellie Walsh, of this city, as bridesmaid, W. J. Kelly, of Chicago, was best man.

The bride looked charming in a gown of white organdie, over white silk, and carried a bouquet of pink and white carnations. The bridesmaid wore white organdie over yellow satin. Following the ceremony the bridal party partook of a wedding breakfast at the home of the bride. The happy couple left on the 2:15 p. m. train amid a shower of rice and good wishes for Omaha, where they will attend the exposition. After visiting for a few days they will return to make their home at Footville. The bride received a large number of beautiful and useful gifts of value to housekeepers. Among those present were: G. H. Devins and family, of this city; W. J. O'Brien and family, Baraboo; M. Kelly and family, Brooklyn; M. O'Brien, Chicago; Miss M. Ward, Footville, and the family of the bride.

RECEPTION TO A PASTOR

Rev. W. W. Woodside and Wife Welcomed to the First M. E. Church.

A reception was given last evening at the First M. E. church to the new pastor, Rev. W. W. Woodside, and wife. Incidentally a welcome was extended to Presiding Elder Pease and wife, who were returned to this district by the conference recently held at Waupun. There was a goodly attendance of members of the church, with a large sprinkling of others. A program was given under the direction of Archie Crawford. James Whitcomb Riley's "Old October," was read by Miss Alice Clithero, and Charles Dickens' "Child's Dream of a Star," by Miss Alice Crawford. A vocal solo, "Marquis," by E. O. Kimberley, and a vocal duet, "Hope Beyond," by E. O. Kimberley and Archie Crawford, were the musical numbers.

The remainder of the evening was spent in social converse, and a tasteful lunch was served, the young ladies of the church acting as serving maids. The occasion was a delightful one in all respects, and served to place pastor and people upon the best of terms.

HUNTERS REPORT FEW DUCKS

Plenty Are To Be Seen But Are at Safe Distance.

The dozen hunters from this city have found ducks a scarce article at Lake Koshkonong, the past few days. At all points along the lake the same story is told, to the effect that ducks are plentiful but hard to get. The strong wind of late has resulted in rousing them into the air, but they seem to keep out of the hunters' guns.

Ducks of all varieties are plentiful at Lake Koshkonong, and its tributary streams, but hunters report them to be very wild. Flocks by the thousand are seen, but they are hard to reach, for before a boat approaching them is near, they rise and are gone.

FIRST WINTER SNOW ARRIVES

City Was Enveloped With Blowing
Flakes During the Day.

The first snow storm of the season struck the city on all sides at 11:30 o'clock this morning accompanied by a strong wind. The blowing of the whitened flakes made things disagreeable and pedestrians were low and far between. The merchants smiled to themselves at the thought of winter and the clothing and shoe merchants noticed a change for the better in business.

The street cars, at last accounts were still running, and will continue to till ordered off by the weather clerk.

A large rotary snow plow on the Northwestern road passed through the city this morning on the way north to give battle to the threatening snow drifts.

About Mothers.

"What can one be in the world?" exclaimed Madame de Staël to the rising hero, "when one is not Gen. Bonaparte?" "Madame," was the reply, "one can be a good mother of a family."

It is curious to reflect how little the world knows of the mothers of its greatest men. A contributor to the Gentleman's Magazine—Mary Bradford Whiting—reminds us not only that we know little of Shakespeare's mother, or the motherhood of his wife, but that the great dramatist himself gave no pains to the portraiture of an ideal mother. One thinks perchance of Volunna in Coriolanus, but Miranda is motherless; Hermione, the mother of Perdita, is portrayed rather as wife than mother; Constance, in King John, is well, an artist in words. In the beautiful gallery of Shakespearean heroines there is no Cornelia. It seems incredible, does it not?

MAY MAKE DEMONSTRATION.

Show of Force Seems Necessary Before Havana.

SECRETARY LONG FAVORS IT.

Report in Washington That War Ships Will Be Sent to Induce the Spaniards to Respect American Authority—Work of Peace Commission.

Washington, Oct. 25.—Secretary Long is quoted as having said that orders had been given to get several war ships ready to send to Havana. Our evacuation commission there is said to be practically helpless. Its protests against the removal of guns and the sale of ammunition by the Spanish army commanders have been without avail. The ships are intended for a demonstration to enforce the demands of our commissioners. Which ships are to be sent is not known. The story cannot be confirmed, but comes from a good source.

SPAIN SLOW TO YIELD.

Struggle Over Cuban Debt—Debtors Stand Taken by Americans.

Paris, Oct. 25.—The New York World correspondent cables: The meeting of the American and Spanish joint peace commission Monday was the longest yet held, and on direct authority it can be said that the Cuban debt was the sole question under consideration. The American commissioners returned a resolute and final refusal to assume any obligations in Cuba arising out of contracts made by Spain or on her guaranty. The American reply traversed all the arguments put forward in memoranda handed in at the last meeting by Spain, and its reading in both languages occupied considerable time. The American commission demanded that the proceedings should be accelerated and the next meeting fixed for Wednesday. It is fully expected that the Spaniards will now accept the inevitable on the Cuban debt, as they will do on all other points when it comes to the scratch. The notion that Spain has any idea of breaking off negotiations and resuming war is here regarded as sheer craziness, as she has neither money, men, arms nor ships to defend her own shores.

WILL TAKE POSSESSION JAN. 1.

All Cuba Will Then Pass Under American Control.

Washington, Oct. 25.—President McKinley and his cabinet have decided on Jan. 1 as the date for the United States to take formal and full possession of the island of Cuba. This date was recommended by Gen. Wade. The main body of United States troops to occupy the island will not be sent until near that time, although various parts of the island will be put in possession of the American troops between now and Jan. 1. It is probable that nearly every part of the island will be patrolled by American troops by Jan. 1, except the city of Havana, which will then become American.

SAGASTA'S FALL IS CERTAIN.

Spanish Premier Trying to Keep in Power Until the Treaty Is Signed.

Madrid, Oct. 25.—Sagasta is straining every nerve to keep in power until the signing of the peace treaty, but his fall is inevitable. The crisis is real. The queen desires to have Gen. Polavieja form the next ministry. Gen. Correa, the minister of war, has carried out his threat of resigning. According to the friends of Weyler, in whose assertions, it is true, one cannot place too much confidence—he starts Wednesday to place himself at the head of a military movement against the dynasty.

Island of Guam Is Ours.

Paris, Oct. 25.—Cession of the island of Guam, in the Ladrone group, to the United States was decided upon at Monday's joint session of the American and Spanish peace commissions. According to terms of the protocol one island was to be given the victors and, upon formal notification by the men from Washington of their government's choice, the Sagasta commission gave it approval.

Aguinaldo Arrests Leader.

Manila, Oct. 25.—Gen. Pio Del Pilar, who is looked upon as being the foremost rival of Aguinaldo for the leadership of the Philippine insurgents, has been summoned to Malolos, the insurgent headquarters, and arrested. The charge against him is disregarding Aguinaldo's authority and attempting to defy the Americans.

Will Demand the Philippines.

London, Oct. 25.—A dispatch to the Exchange Telegraph Company from Paris says the American peace commissioners at Friday's joint meeting will definitely insist upon the annexation of the Philippine islands to the United States.

Fourth Ohio Coming Home.

Washington, Oct. 25.—A dispatch from Gen. Brooke, dated at Ponce Monday, was received at the war department Monday night announcing that the Fourth Ohio is now being relieved and will sail from Porto Rico for the United States about the end of this month.

Gen. Fitzhugh Lee Ill.

Richmond, Va., Oct. 25.—Gen. Fitzhugh Lee was confined to his bed Monday, having been indisposed for several days. He had a chill, which was followed by fever. His condition is not serious at present, but his friends are afraid he is in for a long sickness.

TARIFF FOR CUBA A PROBLEM.

Island Planters Wish It Retained—Americans Opposed.

New York, Oct. 25.—According to a dispatch to the World from Washington, a perplexing problem confronts President McKinley in the matter of fixing the duties on tobacco in the island of Cuba during its military occupation.

The cigarmakers of Florida and the manufacturers of tobacco in many of the large cities have urged the abolition of all duty. They say they have been injured by the war in Cuba and that the only way to immediately rebuild the trade is to encourage the Cuban planters and American enterprise by giving every inducement for the growing and shipping of tobacco to this country.

The Cuban planters have begged that no such action be taken. It is likely that the president will refer the matter to congress for action.

Weyler Is Causing Trouble.

Madrid, Oct. 25.—Gen. Weyler is openly antagonistic to the present regency. He is said to be favorable to the exercise of the regency of Princess Isabel, aunt of the king. Gen. Chinchilla recently proposed that the colonels of the army, while maintaining their allegiance to the dynasty, rise against the Sagasta government. The plan was well received and the undertaking had reached a dangerous stage when the queen called Chinchilla to the palace, and with tears in her eyes besought him to abandon his project. So eloquent was her plea that before Gen. Chinchilla left the audience the queen regent had made him promise that he would desist from the proposed revolt.

Councils Work Nearly Done.

Washington, Oct. 25.—Final agreement was reached Monday in both houses of the Episcopal council on the article for the consecration of bishops for foreign lands, over which there was considerable difference, the matter being recast in such manner as to be acceptable to the bishops.

The council closes today.

Anarchists Near the Kaiser.

Haifa, Palestine, Oct. 25.—The police have made an important arrest of a well-known anarchist here. Extraordinary precautions are being taken to insure the safety of Emperor William and Empress Augusta Victoria. During the time they are here veiled women will not be allowed in the streets, as the police fear anarchists might assume this disguise.

Late to bed and early to rise prepares a man for his home in the skies.

Ohio Miners Back at Work.

Pomeroy, O., Oct. 25.—The miners' strike which has existed since March is broken and the miners' organization is disrupted. The Pacific mine started up today and the men are scrambling to get in at the reduced wages. The Spillman mine, at New Haven, W. Va., is the only one in the Pomeroy bend now idle. The approaching winter and the refusal of the company stores to longer give credit broke the strike.

CARELESSNESS

Often Causes No End of Suffering.

Probably half the people who see this article suffer from piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about so simple a thing as piles has often caused death. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It attacks the inflammation immediately, heals the irritated surface and with continued treatment reduces the swelling and puts the membranes into good, sound, healthy condition. The cure is thorough and permanent. Druggists sell the Pyramid Pile Cure at 50 cents. Send for free book on cause and cure of piles by addressing Pyramid Co., Marshall, Mich.

Two Children Saved.

Rheumatism and St. Vitus Dance Make them Helpless. Death Would Have Been Welcome if

Dr. Miles' Restorative Nervine.

Had Not Come to the Rescue.

Dear reader, if you are a mother, a father, or a near relative, you can imagine the feelings of relief and gratitude felt by the parents of the two bright children who were cured of nervous maladies which rendered them helpless and made their condition worse than death. We will let the parents tell the story in their own words. The following letters were received March 2, 1898.

"Gentlemen:—About five years ago, while we were living in Fulton, Ky., our son George, then aged fourteen was stricken with a terrible nervous affliction. We called our family physician, who treated him for many months, but was unable to help him in the least. He finally told us there was nothing he could do for the boy, we tried many remedies, but without relief, and finally our son lost the use of his limbs entirely. Three months later he lost his speech, and his tongue became so badly affected that it was with the greatest difficulty that he could swallow a morsel of food. His limbs were frightfully swollen from rheumatism, and gave him great pain. His entire frame was shattered. When not propped up his head would fall

backward or forward, to the right or to the left, and we were finally obliged to have a chair padded, and tie him in it. At last we heard of Dr. Miles' Restorative Nervine, and we lost no time in procuring a bottle. Before he had finished the first bottle he began to talk and could eat quite well. In two months he was talking, eating running about as of old, and today he is as healthy a boy as one would wish to see. * * * * * Two years after our son's marvelous cure, our daughter Grace began showing the same symptoms that the boy had. She began by being very nervous, irritable and restless with pains in the spinal column. We promptly began giving Dr. Miles' Nervine, and after using four bottles she was entirely recovered. We have cause to praise Dr. Miles' Nervine, for it has restored both our children to health and filled our hearts with happy thankfulness. Gratefully,

MR. AND MRS. J. C. O'CONNOR, Willis, Texas.

"Gentlemen:—We have known Mr. and Mrs. J. C. O'Connor for many years. The case of their son and his wonderful cure are known

throughout this section." Neighbors and friends alike pronounce it little less than a miracle. Respectfully,

PALMER, BRADLEY & CO., Pharmacists, Fulton, Ky."

More evidence of the remarkable curative powers of Dr. Miles' Nervine comes from Prof. S. M. Nash, County Superintendent of Public Education, Columbus, Miss. This is what Prof. Nash writes: "I have used Dr. Miles' Restorative Nervine for rheumatism with the very best results and take pleasure in recommending it to others. Have also used Dr. Miles' Anti-Pain Pills for headache and they always give instant relief. I do not hesitate to say that they are the best remedy for headache I have ever tried."

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle will benefit or money will be refunded. Be sure and get Dr. Miles' Nervine. Take nothing else. Write us about your troubles and ailments and we will give you the honest advice of a trained specialist absolutely free of charge. Booklet on heart and nerves sent free. Dr. Miles Medicine Co. WHY USE POND'S EXTRACT OINTMENT IS UNEQUALLED FOR PILES.

Pond's Extract Why not something else? Because

DR. J. J. THOMAS says: "It is incomparably superior to any extract of Hamamelis I have ever used." DR. O. G. RANDALL says: "Nothing can equal Pond's Extract. I have tested others, and yours is four times as strong as the best." DR. J. C. MITCHELL says: "Pond's Extract of Hamamelis Virginia is the only reliable article I have found." DR. H. K. WEILER says: "The difference between Pond's Extract and so-called Witch Hazel is the difference between a cent and a dollar." DR. H. F. MERRILL says: "It is far superior to any I have used in strength and purity." DR. R. J. HARRISON says: "I have never found any extract equal to Pond's." DR. POWELL says: "Hereafter I shall use no other than Pond's Extract."

LOOKS MORE LIKE PEACE

European Diplomats Believe War Will Be Averted.

AGREEMENT SEEMS LIKELY.

Rumor That New Proposals Are to Be Made by France—Ominous Preparations for a War Continue—British Fleet Mobilized.

London, Oct. 25.—In spite of the news of the warlike mobilizations which came from France and different parts of Great Britain Monday, with the declines in rentes and consols, there is a distinctly better feeling in diplomatic circles and a growing belief that the Fashoda dispute will be arranged.

The drop in the price of consols was largely due to important withdrawals of gold by Scotch and Irish banks, which, however, is usual at this time of the year.

The French ambassador to Great Britain, Baron de Conroel, has arrived here from Paris, and there is good authority for the statement that he is the bearer of a proposition to the Marquis of Salisbury which may satisfy both governments.

British War Preparations.

London, Oct. 25.—A dispatch from Portsmouth says the admiralty has ordered a powerful flotilla, consisting of eighteen of the newest torpedo boat destroyers, to be prepared for commission. Of these vessels six each will be contributed by the dock yards of Portsmouth, Chatham and Devonport. Overtime has been ordered at the Portsmouth dock yards in the work being done on the first-class cruisers Andromeda and Europa, and some contemplated repairs have been postponed in order that ships may remain ready for sea.

To Mobilize at Halifax.

Halifax, N. S., Oct. 25.—The commanders of all warships of the British North American squadron have received orders to mobilize at Halifax. The Pallas, Talbot and Indefatigable will come here, together with two torpedo-boat destroyers now at Bermuda. The torpedo boats at the dockyard are being overhauled. The crew of the flagship Renown will be sent to Lawler's island this week for field practice. The Renown has gone for heavy gun practice.

Higher Rates on Cargoes.

Liverpool, Oct. 25.—Higher rates are being demanded for cargoes to French ports, and some ship owners have refused such cargoes. The average increase is 3d 2s 6d per ton on the net register. It is reported that several large vessels have been engaged on French account to load grain at American ports.

War Department Drops Cases.

Milwaukee, Wis., Oct. 25.—Indictments against the Fox River manufacturers and their employees, which have been pending since 1895, charging violations of the rules of the war department in drawing water from the Fox river and its canals were nolleed by Judge Seaman in the United States court Monday. The applications for permission to enter the nollees were made with the approval of the United States attorney general and secretary of war.

Yellow Fever at an End.

Washington, Oct. 25.—The rapid decline of yellow fever in the south is shown by the few reports now reaching the marine hospital service, not a single new case being reported and but a few dispatches relating to the fever having been sent here in the last forty-eight hours. The cold weather is accomplishing all that was expected. The officials, however, are adopting all necessary precautionary measures.

R. M. L. Follette Ill.

Madison, Wis., Oct. 25.—R. M. La Follette is quite ill at his home here, confined to his bed by a severe cold and a general breaking down from overwork. His physician says he will be compelled to remain quiet for several days. Mr. La Follette was about to take the stump in the state campaign, but his plans in this respect will probably be broken up.

Decision Goes to Ryan.

New York, Oct. 24.—Tommy Ryan of Syracuse was given the decision last night in the twenty-round fight at Coney island with Jacob Bonner of Philadelphia. The bout was called "for the middle-weight championship," and with "Kid" McCoy out of that class and competing for heavy-weight prizes, the two men lead the division.

Old Officers Are Re-Elected.

Minneapolis, Oct. 25.—The greater part of Monday's session of the Home Missionary convention of the Methodist church, which has been in session here the past week, was devoted to the election of officers, all of whom were retained in their respective places. Mrs. Clinton B. Fisk, New York city, is president.

More Trouble for China.

London, Oct. 25.—A dispatch to the Telegraph from Peking says that Chinese soldiers attacked the English engineers on the Hankow-Pekin railway on Sunday, injuring two of them and killing a coolie. The situation is serious.

Fever Situation Improving.

St. Louis, Oct. 25.—All quarantining restrictions at Memphis, Tenn., have been raised, and the Missouri Pacific and Iron Mountain railway announces that the sale of tickets to and through that point will be resumed at once. In addition, the restrictions at Forrest City, Monticello, Wilcox, Wynne and Warren, Ark., because of the yellow fever in the south, have been abolished, and tickets to those points are again on sale. Beginning today the same trains run in and out of Memphis as operated by the Iron Mountain prior to quarantine restrictions will be resumed.

Our Cigar Department

Is the mos complete in the city.
Our box trade is steadily growing.

We can give you a very good domestic Cigar, 25 in a box—Prize Medal and Excelsior—at 50c; nothing like them in the city for the money. We have a cigar called the Mascot, 12 in a box, for 50c. En Ruta, a 5c straight cigar, the finest article that fine stock and good workmanship can produce for the money; this cigar cost \$40.00 per M at the factory.

The well known Cremo, 5c cigars, are the best 5c—6 for 25c cigars we ever put over our counter. You all know what the Fan Tan, Bill Baxter and Red Cross, 5c cigars are; it is needless to exalt their merits, we always have them in our case. A great many smokers are looking for a mild, fragrant, good 10c cigar, 3 for 25c or \$3.50 per box; we think we have found this cigar in the "Standard," made by Sprague, Warner & Co.; are already having a splendid box trade on it. A few particular smokers are looking for a pure Havana cigar that is not so heavy as to raise your hat at each smoking. We were lucky enough to secure some strictly all Havana cigars (and you know they are scarce these days) called the Diana Petit Invincibles. Don't get an idea because we call your attention to these cigars that they are cheap because they are not. They retail at 15c; 2 for 25c. The factory price on these goods is \$110.00 per M.
